

RANCH CONNECTION AND COVID-19

We are ever so grateful for all of our clients and supporters for the past 35 years. You are why Ranch Connection is still a leader in the ranch real estate industry. We are concerned about the COVID-19 virus and are taking every precaution for our clients, prospects, friends and family. Many people continue to have a desire for a real estate investment; be it a commercial property, a new home or a place in the country. Yet your health will be our priority during these times.

Texas real estate remains a solid and tangible investment. Interest rates are low, making this one of the best times to buy or refinance. Spring is also one of our busiest seasons. We ask that you provide proof of funds prior to requesting to view properties and give us 48 hours advance notice to schedule, if possible.

We would love to step forward and shake your hand but we will give you a warm welcome from a distance! We can utilize virtual tours via video or FaceTime, or ride in separate vehicles on-site and converse with our cell phones. Marketing material and contracts can all be transmitted electronically. The Ranch Connection team will take all the sanitary precautions to minimize the risks of in-person meetings.

Please feel free to call us at any time with questions or concerns. We will be monitoring the development of the COVID-19 virus and the impact it has on our Texas real estate market. Again, thank you for your continued support!

Sincerely,

Cynthia Inman and the team at Ranch Connection
